Dear Parents and Students:

The Agenda Planner is designed to assist students at South Side High School in a variety of ways. It contains information on school and scheduling procedures, a listing of clubs and activities, as well as important dates on the school calendar. We believe that South Side High School offers the finest educational program available to the students we serve. The student is always the center of our attention. Please feel comfortable contacting any staff members of South Side to assist you or to answer any questions you may have. Begin by calling the person most directly involved to address your concerns.

Since South Side High School is a school that prides itself in maintaining a culture of civility, all persons are treated with dignity and respect, and are therefore expected to behave well. Please take the time to review with your child/children the responsibilities outlined in this handbook. Included in this handbook is a summary of the code of conduct. This code was recently revised by the Board of Education. Students will be held responsible for their behavior and consequences whenever they are on school property or attending any school-sponsored activity.

We encourage our students to utilize their high school experience to grow, mature and learn, both in the classroom and through extracurricular activities. Our primary mission at South Side is to assist students in reaching their academic, physical and social potential. We believe this is achieved in a cooperative climate where the best is expected from all.

Sincerely,

John Murphy
Principal

RETURN OF ASSESSMENTS - SECONDARY STUDENTS

The Board of Education of the Rockville Centre Public Schools believes that teacher designed and external assessments are critical to the teaching/learning process. Formative assessments provide teachers and students with continuous information about achievement and directly inform curriculum and classroom activities. Summative assessments influence decisions about placement and future study. Both are a reflection of teacher effectiveness and student achievement. All assessments should be a basis for reflection and future development. Assessments include quizzes, tests, unit exams, labs, essays, research papers, projects, criterion-referenced external examinations, standardized measurements, classroom discussion, student demonstrations and homework assignments.

In order for assessments to have significance in the learning continuum and to provide meaningful feedback to teacher and student, the following provisions are inherent:

1. Assessments must be constructed to determine curriculum achievement and/or to expand on assigned subject matter.
2. Students must be apprised of the content, parameters and expectations of tests and assessments in a timely fashion.
3. Both the questions and the student responses must be returned to the students with prompt feedback about their understanding and performance.
4. Assessment is the foundation for understanding what is/is not learned and becomes the bridge to future achievement. Written assessments, including tests, quizzes and papers should be reviewed and processed as a learning tool in a variety of ways, including the review of tests in class, individual conferences and the creation of assignments based on the results.
5. Assessments if meaningful must be the mutual responsibility of students, teachers and parents.
 - a) Teachers are responsible for creating assessments that are both formative and summative and whose end result is to facilitate student achievement.
 - b) Parents are responsible for helping to guide their children in their studies.
 - c) Students are responsible for using assessments thoughtfully, realizing that it is the most important ingredient of achievement.
6. Students should have ownership of their assessments, both questions and responses, for future reference and study. Teachers may retain copies (under compelling circumstances, exceptions may be made with the approval of the academic facilitators and the building principal).
7. Academic Facilitators are responsible for previewing and securing departmental and individual teacher final examinations.

Student Use of District-Owned iPads

Please refer to your iPad user agreement for a full list of terms and conditions. A copy of the agreement can also be found on the high school website. We look forward to making sure students have every opportunity to use their iPad to its fullest educational potential.

All material on the iPad must adhere to the South Side High School Code of Conduct. Students must abide by the same rules as those that govern the use of computers and laptops.

Students are responsible for charging their iPad each night.

Students may use their iPads in the cafeteria during free periods.

Students may use their iPads in the library and follow the same rules as the use of school computers. Headphones may not be used in the library without the permission of the librarian.

The use of the iPad camera and microphones are strictly prohibited on school grounds unless permission is granted by a teacher or administrator.

Students should never leave their iPad unattended.

iPads must be off and closed in the hallways from 7:58 am – 2:32pm.

Students will take iPads out in classrooms only when instructed to do so by a teacher.

Any students caught trying to gain access to another student or employee's accounts, files or data will be subject to disciplinary action.

Violation of any part of the Rockville Centre School District iPad user agreement will be subject to disciplinary action.

Dignity for All Students Act

The Dignity for All Students Act (DASA) is a comprehensive bill that focuses on prevention of harassment and discriminatory behaviors through the promotion of education measures meant to positively impact school culture and climate.

Among other provisions, the Dignity Act requires all public schools to update their codes of conduct to fully address all forms of harassment and discrimination against students attending New York Public Schools. By building on the 2000 Safe Schools against Violence in Education (SAVE) law which focuses primarily on guiding school districts on how to track and respond to school violence, the Dignity Act strengthens existing district policies protecting students and upholds New York's commitment to safe and orderly schools.

The Code of Conduct for South Side High School and the Rockville Centre Union Free School District supports the mandates of DASA and is available at www.rvcschools.org.

Dignity Act Coordinator (DAC)

The DAC should be responsible for coordinating and implementing the district anti-bullying regulations in each school building, including but not limited to coordination of professional development for staff members, coordination of the complaint process, and management of the Dignity Act's civility curriculum components.

STUDENT RIGHTS AND RESPONSIBILITIES

A. Student Rights

The district is committed to safeguarding the rights given to all students under state and federal law. In addition, to promote a safe, healthy, orderly and civil school environment, all district students have the right to:

1. Treat other students with respect.
2. Take part in all district activities on an equal basis regardless of a person's actual or perceived race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender identity or expression or sex.
3. Present their version of the relevant events to school personnel authorized to dispense disciplinary action based on the offense.
4. Access school rules and, when necessary, receive an explanation of those rules from school personnel.
5. To proceed in a safe school atmosphere without the fear of threat to their well being.

B. Student Responsibilities

All district students have the responsibility to:

1. Contribute to maintaining a safe and orderly school environment that is conducive to learning and to show respect to other persons and to property.
2. Abide by all district policies, rules and regulations dealing with student conduct.
3. Attend school every day unless they are legally excused, and be in class, on time, and prepared to learn.
4. Work to the best of their ability in all academic and extra-curricular pursuits and strive toward their highest level of achievement possible.
5. React to direction given by teachers, administrators and other school personnel in a respectful, positive manner.
6. Work to develop mechanisms to manage and control their anger.
7. Ask questions when they do not understand.
8. Seek help in solving problems that might lead to disciplinary action.
9. Dress appropriately for school and school functions.
10. Respect and take responsibility for all school property, including equipment, textbooks and materials.
11. Accept responsibility for their actions.
12. Conduct themselves as representatives of the district when participating in or attending school-sponsored, extra-curricular events and to hold themselves to the highest standards of conduct, demeanor and sportsmanship.
13. Comply with all school rules, even with those rules with which they disagree.

WARNING

In an effort to safeguard and protect the members of our educational facility, the school employs video surveillance equipment for security purposes. This equipment may or may not be monitored at any time.

Surveillance cameras will generally be utilized only in public areas where there is no "reasonable expectation of privacy." Public areas may include school buses, building entrances, hallways, parking lots, front offices where students, employees, and parents come and go, gymnasiums during public activities, cafeterias, and supply rooms.

Surveillance cameras will NOT be installed in "private" areas such as restrooms, locker rooms, changing areas, private offices (unless consent by the office owner is given), or classrooms.

FREEDOM OF SPEECH

The First Amendment to the United States Constitution guarantees freedom of speech to all Americans. Therefore, Rockville Centre Public School students are entitled to this guarantee. However, this guarantee does not imply the license to interfere with the orderly conduct of classes, to coerce others to participate in a particular mode of expression, or to violate the rights of those who disagree with a given point of view.

Student speech may be subject to disciplinary action or restrictions imposed by school officials if such speech:

1. is slanderous, i.e. spoken maliciously or without regard to the truth of the assertion.
2. clearly and immediately incites others to damage property or physically harm others.
3. materially and substantially interfere with the normal operation of the school.

BULLYING/HARASSMENT

The Rockville Centre Union Free School District is committed to safeguarding the rights of students and fostering a school community free of bullying and harassment.

Federal law defines harassment as conduct which creates a hostile environment when the conduct is sufficiently severe, pervasive, or persistent so as to interfere with or limit a student's ability to participate in or benefit from the services, activities or opportunities offered by a school or negatively impact a student's mental, physical or emotional well-being. Harassment includes conduct, verbal threats, intimidation or abuse based on a person's actual or perceived race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender identity or expression or sex.

Any student who believes that the actions or words of a student, school district staff member, or employee constitutes harassment to the student, has a responsibility to report the complaint as soon as possible to an Administrator or to the Dignity Act Coordinator (DAC).

As of July 1, 2013, The Dignity for All Student Act requires that school districts adopt policies specific to Cyber Bullying.

Cyberbullying is willful and repeated harm inflicted through the use of computers, cell phones, and other electronic devices. Incidents of Cyberbullying that will be investigated are not limited to incidents that occur during the school day or on school grounds. There will be serious disciplinary consequences for the participation in Cyberbullying acts by any South Side School student.

SEXUAL HARASSMENT

The Rockville Centre Union Free School District is committed to safeguarding

the rights of all its employees and students and to provide an environment that is free from all forms of sexual harassment. The District reaffirms its commitment to enforce the requirements of the law with respect to sexual harassment. Sexual harassment consists of any verbal or physical conduct of a sexual nature imposed on the basis of sex by the offender. Sexual harassment may include but is not limited to unwelcome sexual advances, requests for sexual favors and other forms of verbal or physical conduct of a sexual nature. Any student who believes that the actions or words of a student, school district staff member, or employee constitute unwelcome harassment to the student, has a responsibility to report or complain as soon as possible to the appropriate principal/administrator or, if the complaint involves the principal/administrator, to the Assistant Superintendent or the Superintendent.

STUDENT DRESS CODE

All students are expected to give proper attention to personal cleanliness and to dress appropriately for school and school functions. Students and their parents have the primary responsibility for acceptable student dress and appearance. Teachers and all other district personnel should exemplify and reinforce acceptable student dress and help students develop an understanding of appropriate appearance in the school setting.

A student's dress, grooming and appearance, including hair style/color, jewelry, make-up and nails, shall:

1. Be safe, appropriate and not disrupt or interfere with the educational process.
2. Recognize that extremely brief garments, such as tube tops, net tops, halter tops, spaghetti straps, plunging necklines (front and/or back), short shorts and shirts that are brief and/or see-through garments, are not permitted. Excessive exposure of the mid section is not allowed.
3. Ensure that underwear is completely covered with outer clothing.
4. Include footwear at all times. Footwear that is a safety hazard will not be allowed.
5. Not include the wearing of sunglasses or other item that obscure the eyes or face inside school buildings.
6. Not include wearing hats in the classroom unless authorized by the school administrator.
7. Not include wearing hoods in school.
8. Not include wearing items that are vulgar, obscene, and libelous or denigrate others on account of a person's actual or perceived race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender identity or expression or sex.
9. Not include wearing anything that promotes and/or endorses the use of alcohol, tobacco or illegal drugs and/or encourages illegal, sexual or violent activities, and or gang symbols.

Students who violate the student dress code shall be required to modify their appearance by covering or removing the offending item, and, if necessary or practical, replacing it with an acceptable item. Any student who refuses to do so shall be subject to disciplinary action up to and including in-school suspension for

the day. Any student who repeatedly fails to comply with the dress code shall be subject to further disciplinary action, up to and including out-of-school suspension.

STUDENT BEHAVIOR AND DISCIPLINE

South Side High School recognizes the need to make its expectations for student conduct while on school property or engaged in a school function specific and clear. The rules of conduct listed below are intended to do that and focus on safety and respect for the rights and property of others. Students who will not accept responsibility for their own behavior and who violate these school rules will be required to accept the penalties for their conduct.

Students need also to be reminded that there are consequences for all their actions. In general, the severity of these actions or offenses, along with the discipline history of the student, will be considered when the code is enforced. Interventions will be sequential and consequences will increase in severity. The first step will be the staff member who directly supervises the student in question will deal with him or her. Following this, the offending student should confer with his or her guidance counselor, staff member and parent. If the behavior is deemed chronic or dangerous, then referral will be made to the appropriate administrator. The administrator then may invoke a variety of methods to change behavior including: conferencing, warning, detention, revoking of open campus, Saturday detention, in-school separation, and out-of-school suspension and recommendation of Superintendent's suspension. Students may be subject to disciplinary action, up to and including suspension from school, when they:

7. Students may not use cell phones and/or portable listening unauthorized devices (iPods, MP3 Players, etc.) in the school building between 7:58 AM to 2:32 PM. Phones can be used throughout the building except for the library and classrooms during zero period. All of the above must be secured in the student's locker, purse, or backpack. The one exception is that students may listen to music in the cafeteria (phones excluded) during their free time. AT ALL times from 7:25 AM to 2:32 PM headphone devices can only be used in the cafeteria. If a cell phone is exposed or turned on and observed by a member of our staff, it will be confiscated. **It will only be returned to a**

parent or guardian between the hours of 8:00 am – 4:00 pm. During Midterm and Final Exam periods, the above-mentioned items are forbidden in the building and disciplinary action will be taken. During this time students may not enter the building in possession of a cell phone or other electronic devices. There are no exceptions.

You may not keep your cell phone or any of these items with you, or near you, including in your pockets, backpack, desk, etc. **If you keep a cell phone or any of these items with you while taking the exam, your exam will be invalidated and you will get no score.** If the principal determines that **the student had a prohibited device** in his or her possession **during the test** administration, the student's **test must be invalidated.** If you bring any of the above to school during any midterm or final testing session, the item will be taken and the student will receive disciplinary action.

Violation of this policy may result in disciplinary action and/or police action.

REMEDIAL RESPONSES

The Dignity Act calls for “remedial responses” to code of conduct violations. Remedial responses appropriately place the focus of discipline on discerning and correcting the reasons why harassment and discrimination occur; these remedial responses are designed to correct the problem behavior, prevent another occurrence of the behavior, and protect the target of the act. Appropriate remedial measures may include, but are not limited to:

- Restitution and restoration
- Peer support groups; corrective instruction or other relevant learning or service experience.
- Supportive intervention.
- Behavioral assessment or evaluation.
- Behavioral management plans that are closely monitored.
- Student counseling; parent conferences.
- Disciplinary action.

Beyond these individual-focused remedial responses, school-wide or environmental remediation can be an important tool to prevent harassment and discrimination. Environmental remediation strategies may include:

- Supervisory systems which empower school staff with prevention and intervention tools to address incidents of bullying and harassment.
- Review of camera tapes to validate incidents when available.
- School and community surveys or other strategies for determining the conditions contributing to the relevant behavior.
- Adoption of research-based, systemic character education programs.
- Modification of schedules.
- Adjustment in hallway traffic and other student routes of travel.
- Targeted use of monitors.
- Staff professional development.
- Parent conferences.
- Involvement of parent-teacher organizations.
- Peer support groups.

B. Possession Or Use Of Chemical Substance/Drug Paraphernalia

Any student who is under the influence or in possession of a chemical substance or any related paraphernalia will be referred immediately to the grade level administrator. Parental contact will be made. Referral to an appropriate agency may be made as well. The principal shall consider evidence before deciding whether or not to take disciplinary action. If found to be under the influence or in the possession of a chemical substance or related paraphernalia, the student will be suspended out of school for a five-day period, along with possible removal from school and/or arrest. Students in possession of an illegal substance may be subject to arrest. The student will be referred to a hearing with the Superintendent of Schools, which may result in long term suspension. A parental conference will accompany the student's re-admission to classes. Repeat offenses will result in the recommendation for a Superintendent's suspension and possible removal from school.

First Drug and Alcohol Offense defined as the first time a student attends a school event on or off campus under the influence of or in possession of drugs or alcohol.

- Five-day suspension from school.

- Six school months' suspension from all school and school sponsored activities, including but not limited to sports, practices, clubs, dances, etc.

Upon successful completion of a recognized and approved out of school drug/alcohol rehab program, a student may petition the superintendent of schools to be allowed to fully participate in all school activities. However, the minimum length of time for a suspension from all school activities after a first offense will not be less than three school months and after any subsequent offenses will not be less than six school months.

C. Fighting

Fighting will not be tolerated either in school or on school grounds. If found to have participated in a fight, students will be suspended out of school for a period of five days. In addition, students leaving school grounds for the purpose of fighting will also be suspended. Students who provoke others to fight will be dealt with harshly. Further, if a student is found to have assaulted another student, the student will be suspended out of school and may be arrested. A parental

conference will accompany the student's readmission to classes. Offenses may be recommended for a Superintendent's suspension and possible removal from school.

D. Possession of a Weapon

Examples of weapons include but are not limited to: knives of any size, boxcutters, razors, chains, pipes, martial arts paraphernalia, etc. If found to be in possession of weapons, students will be suspended out of school for a five day period and may be arrested. A parental conference will accompany the student's re-admission to classes. Offenders will be referred for a Superintendent's suspension and possible removal from school. For additional information, please refer to the Rockville Centre Schools' Conduct and Discipline Code.

GENERAL STUDENT INFORMATION

ATTENDANCE - It is the parent's/guardian's responsibility to call the Attendance Office at 255-8951 first thing in the morning on the day of your child's absence. A message can be left at any time on the answering machine. Students who are absent from school must present to the Attendance Office a written note from their parents. Such excuse should contain the reason and date of the absence, and be presented to the Attendance Office as soon as the student returns to classes. Illegal latenesses to school which result in absences from one (or more) classes will be considered "cuts" in those classes. **A STUDENT WHO IS LATE 3 TIMES WILL BE REQUIRED TO SERVE DETENTION.** Such detention will increase in increments of ½ hours for repeat offenses. If the lateness is for a legal reason and accompanied by a parental note, received in the Attendance Office within 24 hours of the lateness, it will be excused.

Students should not arrange medical, dental or business appointments during the school day. Students who have to be excused for part of the day must report to the Attendance Office at the beginning of the day. **NO STUDENT SHOULD EVER LEAVE SCHOOL FOR ANY REASON WITHOUT PERMISSION OF THE NURSE OR THE ATTENDANCE OFFICE.** Students who do so will face disciplinary action and will be considered truant. Students will be released into the custody of a parent or guardian unless 18 or older. **STUDENTS WHO ARE ABSENT FOR MORE THAN ½ A DAY MAY NOT RETURN FOR EXTRACURRICULAR ACTIVITIES WITHOUT THE APPROVAL OF AN ADMINISTRATOR. THIS INCLUDES SPORT PRACTICES, GAMES, PERFORMANCES, ETC.** Missing one-half of the school day is defined as follows: coming to school later than 12:00 P.M. or missing more than four classes. Every day, the Attendance Office will produce a list of all students who are ineligible to participate in after school activities. The list will be posted in the Attendance Office and copies will be placed in the Main Office and the Physical Education Office. Students must be present in a class for 90% of the possible meeting days exclusive of days missed because of school closings, suspensions, court ordered appearances or school approved educational programs. Days missed for any other reason will count toward the 10% total. Students who are absent for 10% of the total class time may be denied academic credit and have to repeat the class. Attendance is necessary and subsequent cuts will be dealt with on a disciplinary level with possible removal by the Superintendent. Adequate notice will be given to the parents when a student's attendance pattern places him/her in jeopardy of being denied academic credit for a course due to excessive absences.

ABSENCES, TARDINESS, AND EARLY DEPARTURE

The Board of Education recognizes as valid the following reasons for student absences, tardiness, and early departure:

1. personal illness (If 5 or more days a Doctor's note is required.)
2. illness or death in the family
3. impassable roads or weather making travel unsafe
4. religious observance
5. attendance at a medical clinic
6. approved school-sponsored trips
7. quarantine
8. required court appearances.

In addition, college visitations, which are approved in advance by the Principal, are considered important enough to excuse a student's absence. Although days missed for the above reasons are considered legal absences, students must realize that their schoolwork can suffer if they are out of class too often. Students are responsible for keeping informed of makeup work for time missed in class, whether their absence is legal or illegal. Many legal absences still count toward denial of credit.

Students must be accountable for each absence. It is the parent's/guardian's responsibility to notify the office on the morning of the absence. It is essential that parents/guardians provide a written excuse for each absence. Such excuse should contain the reason and date of absence and be presented to the Attendance Office as soon as a student returns to classes. Any absence during a midterm, final, Regents, IB or AP exam must be verified with a doctor's note. Any unverified absence during exams will result in a grade of zero on the exam.

AUTOMOBILES – Seniors who possess a valid class D driver's license may apply to park on school grounds and in the North parking lot. Vehicles must be registered with Security in Room 1210 or they will be ticketed. Students park their car at their own risk. The maximum speed limit on school grounds is 15 mph. Students MAY NOT sit in automobiles, play loud music, or loiter in parking areas at any time. Students abusing automobile regulations will be banned from parking on campus. Students are discouraged from driving to school unless absolutely necessary and should not park on neighborhood streets. School is **NOT** responsible for any parking tickets/violations. No student may leave campus for any reason, which includes moving their car, prior to 10:00 a.m. Any student who parks in a Staff Parking space or an illegal spot on campus will have their parking privileges revoked for at least one week.

BICYCLES - Bicycles are to be locked in the racks adjacent to the athletic field. Students park their bicycles on school grounds at their own risk.

BUS PASS/I.D. CARDS All eligible students will be permitted on a school bus with a valid bus pass. Students shall conduct themselves on the bus in a manner consistent with established standards for classroom behavior. School bus regulations shall be enforced by bus drivers, bus aides, and the Transportation Office in coordination with the school Principal. Students are the responsibility of the School District while they are riding on the school bus. Students who become serious disciplinary problems may have their bus privileges suspended or revoked. In such cases, the parents of the children shall be duly notified and will become responsible for the transportation of their children to and from school. ID cards will be issued to all students. They must be carried at all times and produced to any authority upon request. Request for replacement BUS/PASS and ID cards must be made during (zero) period or a free period in Room 1210 at a cost of \$1.00.

CAFETERIA and LUNCH

A. Breakfast is served from 7:15 - 9:24 A.M. Lunch is served from 10:12 A.M. - 1:15 P.M.

B. Lunch Passes – **Students can buy a cold lunch only during their free time beginning at 7:00 am. No lunch passes will be granted.** Only cold lunches are allowed to be eaten in classrooms. NOTE: To apply for a Free or Reduced Lunch Program, please see the Assistant Principal in Room 2309.

C. Restricted Lunch - Should it be the judgment of either the high school administration or parent that free time is not being utilized properly, a student may be placed on restricted lunch which will deny the student the privilege to leave campus for his or her lunch period. Parents requesting restricted lunch for a student should contact Guidance.

HOMEBOUND INSTRUCTION - Homebound instruction is a service which may be provided to students who are unable to attend school due to medical, emotional or disciplinary problems. Secondary students receive instruction for two hours per day. Students receive credit for their work while on homebound instruction. Such instruction shall take place in the Greenhouse Facility.

LOCKERS - Lockers will be issued at the start of the school year. Lockers are school property and as such are subject to search by school officials. Sharing a locker is prohibited. **KEEP LOCKERS LOCKED AND DO NOT GIVE YOUR COMBINATION TO ANYONE.** The school is not responsible for lost or stolen

property. Problems should be reported to the Attendance Office in Room 1210

PARENT-TEACHER APPOINTMENTS - Call 255-8960.

PERSONAL PROPERTY - Each student is responsible for his/her personal property. DO NOT BRING CELL PHONES, IPODS, WALKMAN RADIOS, TAPE RECORDERS, ETC. TO SCHOOL. These materials are brought onto school property **at students' own risk**. Umbrellas, skateboards, frisbees, basketballs etc. belong in lockers and are not to be carried by students in hallways. Theft of any personal items should be reported to Security immediately. The school district is not responsible for stolen or lost property.

PROGRAM CHANGES - Students will not be permitted to drop courses after the deadline unless they and their parents can demonstrate extenuating circumstances. Programs will not be changed because of preference for instructors. *Please refer to Board Policy. A grade of W/F will be recorded if administrative approval is granted after the first five weeks of a semester course, or after the first quarter of a full year course. FOR PURPOSES OF GPA COMPUTATION, A GRADE OF W/F IS CALCULATED AS A "0". A GRADE OF "0" WILL SIGNIFICANTLY AFFECT A STUDENT'S OVERALL AVERAGE.

REQUEST FOR CHANGE OF LEVEL – Students may request a change of level at anytime during the school year. Changing levels will be done if it is deemed by the Principal that a student is inappropriately placed. When a level change occurs, it may affect the student's schedule and may result in a teacher change. Grade adjustments will be made as follows:

1. If the level change is made during the marking period, the former and present teachers will confer to compute the grade.
2. If the change occurs at the end of a marking period
 - a) All marking period grades will transfer to the new course.
 - b) If the course was a weighted course, the grade for the marking period will be appropriately weighted.

STUDENT REQUEST FOR TEACHER CHANGE

The procedure for a request for a teacher change will be handled in two ways:

CHANGE PROCEDURE NO. 1

Requests for a teacher change occurring at the beginning of the school year (first two weeks) or first two weeks of a one-semester course second semester:

The student who makes a request for a change will consult with his counselor. The counselor will refuse to make the change, but will require that the student go into the class on a trial basis for at least three weeks. If at the end of the three weeks if the student still wishes to change teachers, he will follow the procedure for students requesting a class change during the school year. (See Change Procedure No. 2.)

CHANGE PROCEDURE NO. 2

For students requesting a teacher change after the first two weeks of school or first two weeks of a one-semester course second semester:

- a. Student will consult with his/her guidance counselor. The student will meet informally with the teacher.
- b. If the student requests a change, he/she will meet with the school psychologist. Upon receipt of a parental note agreeing to the meeting with the school psychologist, the counselor will arrange

the meeting. A referral made out by the counselor should include the subject and the name of the teacher in question. This referral will be forwarded to the school psychologist who will make a recommendation to the Administration.

This publication contains a COURSE OFFERING CATALOG and covers information relating to student programs, graduation requirements, grading and examinations. It is updated yearly and available on the RVC website.

VALEDICTORIAN AND SALUTATORIAN - The selection for the valedictorian and salutatorian of each year's graduating class will be determined after the first semester of the senior year. Included in the grade point average, therefore, will be seven semesters of academic work. South Side High School does not assign rank to students by GPA.

WITHHELD MATERIALS - If a student has not returned classroom material, athletic equipment or library materials at the appropriate time, his or her report card and other related information will be withheld. A letter will be sent home notifying the parent that materials are due, as well as the proper procedures to follow in order to return these items.

CLUBS AND ACTIVITIES

South Side High School believes that excellence in education requires that students be exposed to a variety of experiences outside the classroom in addition to those that occur during the course of the day. Because of this, there is a wide array of athletic, co-curricular and extra-curricular activities available to our

students. On the following page are some of these opportunities. We urge all our students to become involved. All activities will end no later than 10:00 PM. For further information about each club, contact your counselor or the Assistant Principal, Mr. Moss, in Room 1210.

COLLEGE LEVEL STUDIES

INTERNATIONAL BACCALAUREATE - IB

The International Baccalaureate Diploma Program is a comprehensive pre-university experience taken by South Side students in their junior and senior years. Full IB Diploma candidates are required to complete at least one course in each of the following academic areas: studies in language and literature, language acquisition, individual and societies, experimental sciences, mathematics, and the arts. Diploma candidates must take three (and not more than four) courses at the higher level (HL) and the remainder at the standard level (SL). HL courses require two years of study; SL courses range in length from a year to two years, depending on the course. IB diploma candidates also complete the three 'central elements' of the program: the Extended Essay, Theory of Knowledge, and CAS (Creativity, Activity, and Service).

Students may forego the full IB Diploma and take one or more IB classes as 'course' candidates. Most of the prominent universities in the United States have developed IB policies, with regard to admissions credential, college credit, placement credit, and class standing. Each college and university sets its own admissions criteria, including the terms under which it will recognize advanced and international programs. In some cases a full year of university standing is awarded to the IB Diploma holders. Please check with the colleges and universities to which you plan on applying for their policy concerning the IB program. The IB website is another resource for information on university credit policies. All students who take IB course work are required to sit the IB exam in May.

ADVANCED PLACEMENT - AP

South Side High School offers the following courses that prepare the student to take Advanced Placement examinations: AP Calculus AB, AP Calculus BC, and AP Statistics. Each college uses the AP Program in the manner it sees fit. Students are urged to become familiar with the policies of those colleges they are considering by corresponding directly with the directors of admissions; all students who take AP and IB courses at South Side are required to take the AP and IB exam in May.

Those students who choose to take both AP/IB courses may incur conflicts during the final exam time period. Students must refer to their guidance counselor or the IB coordinator for their suggestions.

BUSINESS DEPARTMENT:

The Business Department will be offering selected courses for college credit in conjunction with Long Island University, called LIU High School Scholars Program. See the Business Department or your guidance counselor for further information.

MOLLOY COLLEGE CREDIT:

Select IB courses may receive Molloy College credit. Please see a guidance counselor for details.

GRADING

A. REPORT CARDS

Report cards are issued at the end of each 10 week marking period, totaling four each year. They will be available approximately one week after the end of the marking period. Full year courses, with the exception of some courses, will have both a midterm and final exam; each will count for 10% of the student's final grade. Both midterm and final exam grades will be listed on the report card; Regents' exams will count as the final exam. For those full year courses that do not have a final exam the mid-term exam will comprise 1/9 of the final average. Semester courses will have a final only, and will comprise 20% of the student's grade. Any exceptions to the above, e.g. IB and AP 12th grade courses, will be described by the teacher. **Please note that your child's grades and attendance are available on an ongoing basis via the Parent Portal.** Student report cards are available online as well.

11/8/2017	South Side High School Marking Period 1 Ends
1/9/2018	South Side High School Marking Period 2 Ends
4/13/2018	South Side High School Marking Period 3 Ends
6/11/2018	South Side High School Marking Period 4 Ends

B. PROGRESS REPORTS

Progress reports are available online to all students after the fifth week of a marking period. Parents have the option of "online" only.

C. DEPARTMENTAL TESTING SCHEDULE

Each department will be assigned certain days to conduct testing.

Day 1, 3, 5 Social Studies and Math

Day 2, 4, 6 English, Foreign Language and Science

D. PURPOSE OF TESTING

The testing and evaluation of students should serve to monitor both the success of the program and the degree to which students have learned. There are many forms of evaluation, which include portfolios, critiques, oral presentations, writing assignments, etc. In all cases, the students must receive feedback in order to improve. Feedback must be constructive and received in a timely manner. All test questions and answers are the property of the students and must be returned after grading has occurred. Scantron forms or multiple choice answer sheets are meaningless without questions and/or review.

1. Marking period report card grades shall be based on student achievement on the following: test/quizzes, class participation, homework/assignments, reports and projects.
2. Grading procedures for each course, expectations and class requirements will be clearly presented in writing to the student at the beginning of each course and described to the parents at Back-to-School Night.

E. MARKING PERIOD GRADES

1. 65% is the passing grade for both school and Regents subjects.
2. All report card grades between 65 and 100 are recorded in unit intervals.
3. Commencing with the 2008 entering 9th grade cohort, courses which are designated as Advanced Placement, and/or International Baccalaureate (with the exception of IB Math Studies) will be proportionately weighted by 1.15 in the determination of the student's grade point average. IB Math Studies, Advanced Chemistry, L.I.U. College Credit Courses (Accounting, Business Law and Marketing), Advanced Math topics, and Research Skills Intel Grade 11-12 will be proportionately weighted by 1.1 in the determination of the student's grade point average.
4. No student will receive a grade of less than 60 on his/her report card for the first marking period, 55 for the second, 50 for the third and 45 for the fourth in a full year course. In a semester course no grade below 60 will be issued for the first marking period and 45 for the second.
5. A grade of Withdraw-fail (W/F) will be given to any student who drops a full-year course after the tenth week of school or a semester course after the fifth week of the semester. A W/F will be computed as a grade of "0" in the GPA. It will also exclude a student from the honor roll.
6. Incomplete Work: If a student has not completed the work of the quarter, "INC" will be recorded on the report card. If the student satisfactorily completes the work within a reasonable period, not exceeding ten weeks, the grade earned will be entered on the next grade report. If the work has not been completed by the end of the marking period, the general policy is to record the actual grade earned or 50, whichever is higher. An "INC" will not be given as a final grade. A student may not graduate if he/she has an unresolved final grade of incomplete.

A grade of INCOMPLETE will prevent a student from being on the Honor Roll.

F. FINAL & MIDTERM EXAMS

1. Upon the completion of a course (January or June), a final examination must be given. School exams are to be given for all subjects in which a Regents exam is not given.
2. All final or Regents exams count 1/10 of the student's final year average for a full year course, and 1/5 for a semester course.
3. **If a student is absent from a midterm or final exam for any reason other than illness, he/she will be given a mark of zero for the exam and it will be used in computing the final grade. If the student seeks a medical excuse for missing a final exam, a doctor's note must be presented to Mr. Moss stating the reason for the absence. Upon approval of the medical excuse, the student will be permitted to take the exam at its NEXT SCHEDULED ADMINISTRATION.**
4. Utilization of the Final Examination Exemption policy is only for

seniors and will be at the discretion of each senior subject teacher. Teachers employing the exemption option must adhere to the following guidelines:

- a. In a semester course an average of 90% is required for two marking periods and the second marking period grade may not be below an 85%.
- b. In a full year course, an average of 90% for the fourth marking period is required and the average for the 3rd and 4th marking periods will not be lower than an 85%.
- c. **Exemption from final school examinations is a privilege reserved for seniors only.**
- d. Teacher approval is required for all exemptions. A student's attendance (cutting, lateness etc.) should be scrutinized prior to granting an exemption.
- e. After a student has been notified of an exemption, a student may elect to take the examination.
- f. Regents examinations must be taken in all courses in which they are given.
- g. Exemptions from final school examinations will be determined three weeks before the exam period.
- h. Seniors taking 11th Grade English or 11th Grade Social Studies may not be exempted from the final examinations in these subjects.

G. CREDIT:

1. Students will receive Regents "Certification" in a subject upon earning a minimum final exam mark of 65% and a minimum course average of 65%.
2. A student may re-take the Regents exam without repeating the course only if the final average obtained in the course was 65% or higher. If the student re-takes the Regents exam without repeating the course, the new Regents exam grade (if higher) will replace the old Regents exam grade on the transcript.

STUDENTS REPEATING A COURSE

Students may repeat a course with permission from the principal. A course may be repeated in summer school or for the first semester. A final or Regents will be taken at the conclusion of the course.

HONOR ROLL POLICY

South Side High School will maintain an Honor and a High Honor Roll for each grade level. Students who qualify will have a notation made on their permanent transcript for each marking period.

Categories: High Honors - must have an un-weighted average of 90%.

Honors - must have an un-weighted average of 85%.

All subjects in which a numeric grade is assigned will be included in determining the student's un-weighted average.

Eligibility: Students must receive numeric grades in a minimum of five subjects (or one subject plus BOCES) excluding Physical Education. BOCES grades will be counted as four course grades since a BOCES subject is assigned four credits.

Ineligibility: Students will be ineligible for either the High Honor or the Honor

Roll when he/she receives a withdrawal/failure (W/F), denied credit or any other failing grade for a course (including Physical Education).

Students receiving an incomplete (INC) in any course will be ineligible until a grade is assigned. Once the list is posted, it will not be re-done during the marking period to accommodate students who originally had an incomplete grade.

RESEARCH ASSIGNMENTS AND PAPERS

The Research Process

South Side High School students are expected to follow the "process approach" to research and writing. These approaches will help you to complete the research and writing tasks assigned to you while you are at South Side. You should expect to be exposed to a variety of research activities. As you move through the four grades of high school, assignments will be of increasing complexity and will require greater independent application of research skills. Your teachers will provide instruction in the skills necessary for success. It is important for you to master the skills required to produce an independently researched and written paper before graduation.

FORMAT, DOCUMENTATION, CITATIONS AND BIBLIOGRAPHIES

The school-wide format for documentation in research assignments and research papers is detailed on the High School's Library Media Center website. This format requires the use of a list of works cited and parenthetical documentation in the body of the paper to refer the reader to the proper citation in the list of works cited. This approach may be a departure from what you have learned in the past, but is now the most widely used form of documentation in colleges and universities.

Consider the following example of this approach in a paper a teacher wrote about writing research papers:

It is very important to document your sources in a research paper. Documentation tells the reader which ideas are your own and which are borrowed (Giribaldi 136). A well-documented paper will also strengthen an argument you are making by demonstrating that experts hold an opinion similar to your own. According to the Hofstra Writer's Guide, proper documentation also allows the curious reader to follow up on your research if they wish (McIntosh 35).

As you can see by the preceding example, no footnotes would appear at the bottom of the page nor would there be end notes. But the works cited at the end of the paper would have the following two entries:

Giribaldi, Joseph. *MLA Handbook for Writers of Research Papers*. 7th ed., Modern Language Association of America, 2009.

McIntosh, Carey et. al., eds. *Hofstra Writer's Guide*, 9th ed., Hofstra University, 1999.

ETHICAL GUIDELINES FOR STUDENT WORK IN ALL COURSES AT SOUTH SIDE HIGH SCHOOL (ADAPTED WITH PERMISSION FROM THE INTERNATIONAL BACCALAUREATE)

Expectations for ethical behavior arise from the philosophy and values inherent and explicit at South Side High School. Students, teachers, principals and examiners shall strive to exemplify these values by their conduct.

We expect students to participate in the curriculum as structured and required by South Side High School and its teachers; to comply with all regulations and internal school deadlines. **Students are expected to acknowledge fully and in detail the work, thoughts or ideas of another person if incorporated in work submitted for assessment; to submit separate pieces of work in fulfillment of the requirements of different assessment components (for example, Extended Essays and internal assessment); and to ensure that their own work is never given to another to copy or by electronic means, knowing that it might be submitted for assessment as the work of that other candidate. It is a breach of regulations for a student to give or receive confidential information about examinations. Violations lead to disqualification and the assignment of a grade of "0".**

Plagiarism and academic dishonesty will lead to academic penalties, disqualification from Honor Society, comments on college recommendations and may lead to additional sanctions from South Side High School.
